

## Safety Statement

Even though we are now living in different times we want your experience at Amberley Black Horse to be as memorable as always.

We have put some extra precautions in place to keep you and our team as safe as we possibly can. Here are some tips for your visit.

1. On arrival, please use the hand sanitiser provided at the entrance and masks must be worn at all times when moving around the pub.
2. At the entrance, we will direct you straight to your table. We have a clearly marked, one way system in operation.
3. The host and ALL Guests MUST check into the NHS App using the QR code. Children under 16 do not have to provide details. QR Code is located at the entrance and also on then Service Table.
4. Please pay via credit card. No cash payments please.
5. Children must stay at the table with you at all times except when visiting the toilet.
6. Please respect the staff when we prompt you that your table is needed for our next customers, as we need time to thoroughly clean the table between guests.
7. Should you be worried at any time about social distancing, cleanliness or anything else please do ask us.
8. We do recommend you book a table in advance. Some tables will be available for drinkers, however we cannot reserve them, they will be available on a first-come, first-served basis.
